

Vitality for connecting the pieces.

We understand that when you are faced with a loved one exhibiting symptoms of Alzheimer's Disease or a related dementia, it can be a confusing and troubling time in your life. We will help you understand the disease and gain knowledge about the best methods of care for your loved one. People afflicted with cognitive impairments require additional care to keep their emotional and physical functioning strong and healthy. Our specialized professionals connect to deliver consistent, stable care while creating an environment of vitality, warmth and understanding.

Genesis HealthCare

As the nation's leading provider of healthcare services from short-term to long-term and a wide variety of living options and professional clinical services, Genesis HealthCare focuses on the vitality of the person. How and where we can make a difference in the overall well-being and healthy outlook of everyone we serve is our daily mission.

Memory Support

Specialists in vitality
for meaningful connections.

Genesis 

Genesis HealthCare® does not discriminate against persons in its admission, services, or employment on the basis of race, color, national origin, disability or age.

Specially trained and educated for connections that matter.

Each member of our dedicated care team has specialized education and training in the care of individuals with dementia. Our consistent staffing model promotes relationships between staff and residents which provides consistency that is so important to persons with dementia.

Rehabilitation therapies help enhance daily functions.

Rehabilitation therapists are available to enhance an individual's functioning and abilities through Physical, Occupational and Speech therapies. Our goal is to connect with and meet the needs of each individual, embracing changes that occur and adjusting routines as needed.

Involvement in meaningful activities

We encourage residents to participate in a variety of individual and group activities based upon their preferences and life experiences. From exercise, art and music, to gardening, outings and social events, every effort is made to fill each person's day with moments that are both therapeutic and enjoyable.

A caring partnership with you and your family

Family involvement is very important. Each person's family is an integral part of the care team. By providing education and keeping family members informed, our goal is to enhance interactions and support these meaningful connections to promote an optimal quality of life.
