# Transitional Care

Specialists in vitality  
for a healthier return home.

### Genesis Transitional Care brings together physicians, nurses and therapists to treat the whole person.

With over 30 years experience, we understand that successful recovery after surgery or acute illness is based on a number of factors. Age, physical condition, attitude, and family support all play a part just as much as the outward treatment we provide. That's why we create just the right combination of care services to meet your specific needs.

### How you become a vital part of your recovery process.

It's important that you become an integral part of your recovery. Decisions about your care and treatment, as only you can make them, are central to the planning and pace of your recovery. With your team of clinical specialists, you and your family will always know your progress and path forward.

### Educated and trained specialists

Genesis Transitional Care is staffed with clinical professionals current with the latest innovations and therapies. Our network is supported by clinical consultants who ensure our staff are trained and educated to accommodate a wide variety of individual care needs. Our focus on best practices and certifications helps create our standing as one of America's leading short stay treatment providers.

Typical specialties include:

- Pulmonary
- Orthopedics
- Stroke
- Dialysis
- Cardiac
- Geriatric
- Vascular
- and more

### Rehabilitation services at Genesis Transitional Care

Getting back into the swing with daily living activities is just as important as your medical recovery. Rehabilitation services at Genesis Transitional Care are designed, with you, to help you recover faster and easier. The latest equipment, gyms, and therapies are all part of the plan to help you regain your vitality and quicken your recovery.

### Amenities designed to help speed your recovery

Seeing to your emotional well being is a big part of your physical recovery. That's why we've created a host of amenities to help make your stay more comfortable – and productive.

- Fresh, modern, comfortable patient rooms
- Lively dining and common areas
- Delightful restaurant-style meals
- Free wi-fi and cable TV
- Landline telephone service available
- Hair/barber services
- Attentive housekeeping and reception staff

Services and amenities vary by location

# Transitional Care Level 2

There are times when you may need treatment that is more complex and specialized. Our Level 2 Transitional Care offers enhanced treatment options.

Our interprofessional team includes nurses, dietitians, social workers, therapists and medical practitioners who have been trained to provide you with that enhanced level of treatment.

This team of specialists has been trained to manage your specific needs and will collaborate with you to develop treatment plan that incorporates your goals and advanced clinical needs.

Enhanced treatment options may include:

- Cardiology
- Pulmonology
- Neurology
- Peritoneal Dialysis
- Specialty IV medications

While you recover, our team will work with you and your family on your transition to your prior living arrangement. Our goal is to give you the tools that you need to manage your health and avoid any changes that may result in you being hospitalized.
